Ho! Ho! Hum! Gee! It's nice to have the spring fever, isn't it folks?

Used tractors, two 22x36, one W. 30 on rubber, one 10x20 and one 15-30. All are Mc-Dr. and priced to sell.

Mrs. Oscar Sletto is doing nicely in the Lethbridge hospital and Howard Orcutt has gone back to keep her company it seems.

Give the old tractor a new lease on life with a set of Champion plugs. A cheap spark plug is no bargain at any price.

Sam Berg was a Champion visitor on Wednesday, Sam is looking and feeling fine he says.

Wm. Penn Motor Oils and Greases are "Still the Best."

It seem that Champion has some fifth columnists too, from the way the time bombs explode in some peoples ears, and was the owner surprised.

Perfect light reflection with Vello, there is no glare—eye strain due to shiny walls is eliminated, and less candle power is required. It is also washable, easy to apply and excellent to cover.

Frank Sisson, Frank Griffin, Eli Hopkins and Geo. Depue were winners in the last hockey pool.

Used tillage machines, one 9 ft. Harrow Plow and seeder att., one 10 ft. tractor double disc, one 10 ft. double disc press drill, one 12 ft. cultivator, all at bargain prices and of the Mc-Dr. make.

Reports have it that Trail smelter, or is it the smoke eaters, is raising havoc with trees around Lethbridge at least the maple leaves seem to be falling.

Just arrived, a new inexpensive line of red and white enamelware, why not brighten up the kitchen with a few pieces of it?

Wheat Contributions Accepted for War Services Fund

Wheat contributions will be accepted by the Canadian War Services Fund. The Wheat Board will take deliveries over farmer quotas and the bushelage does not have to be registered in the farmers' permit book. In this way farmers can help this worthy cause without having to dig up the cash. District organizations should arrange for "wheat drives." Farmers may deliver their contributions to any elevator in which there is space and arrange to have the cash ticket made out to the "Canadian War Services fund."

Our subscription rate is \$1.50 in Canada and \$2.00 to points in the United States. By paying within the next two weeks, we shall remit 50 cents of your \$1.50 to the local or provincial office of the United Drive to be credited to the subscriber.

THOSE NEWSPAPER MISTAKES

(Forwich Record)

Think of this—a subscriber told us that newspapers make to many errors... well don't we all? Can you imagine that—a newspaper making errors? Yes, they certainly do make errors and heaps of them, and so do the people who criticise the mistakes made by newspapers.

Consider for a moment if you will—did you ever hear of a woman who forgot to salt the potatoes or meat; we would also be pleased to run across a lawyer who never lost a case because he had made some mistake; the clerk who never made an error putting up an order; the doctor who never gave a wrong diagnosis or guess; a postal employee who never sent a letter to the wrong address, box, town or rural; a carpenter who never sawed a valuable board off at the wrong place or a druggist who never—oh, well why bother?

That's the idea. Why bother to print the entire list. But it would be enlightening if some of the critics who make the most of pretty insignificant mistakes in newspapers had opportunity to know about the hundreds of mistakes newspaper people correct for other persons every year.

THE WOMEN'S INSTITUTE

Perhaps no other organization has such a splendid record of achievement in the rural districts as has the Women's Institute. All over the country cheerful, busy groups meet regularly. Many of them are farmers' wives and lead a very busy life, but everywhere you will find them interested and well-informed on world affairs, current events, the new books, better methods of homemaking.

Through short courses and their speaker service members are given expert instruction in many phases of Home Economics. They learn how to prepare meals that are health-giving but economical, and how to serve them tastefully. They study clothing and textiles, handicrafts, health education, child welfare, housing, gardening and a wide range of other topics of interest to the homemaker.

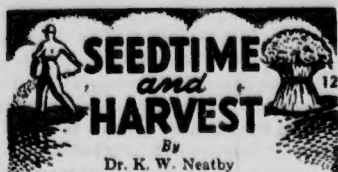

In many districts the W. I. looks after the poor and needy, and if the school needs something the W. I. can be expected to look after it. In addition it usually gives leadership in social life of the rural community.

During the last year the Institute members have been actively engaged in war work. One of the finest projects was the sending of some 100,000 pounds of jam overseas. They furnished a 32-bed ward in a Canadian army hospital in London, England, and helped furnish a recreation room at Camp Borden.

Besides, most members are knitting or sewing for the Red Cross, the I. O. D. E. or other organizations with whom they co-operate. A special

fund has been raised to provide wool and other materials to members in outlying districts that they to may have a share in the nation's war work.

The women of these districts have long been known for their good sense and thrift. The W. I. has contributed widely to the welfare of the nation in time of peace, and is now playing a worthy part through its war services.

Cereal Varieties

Ten different varieties of hard red spring wheat are officially recommended for use in various parts of the prairie provinces. As a result of extensive experimental work, it is known fairly well to what conditions each variety is adapted. In each of the three provinces, a Cereal Variety Zonation Committee is responsible for making official recommendations as to the varieties which should be grown in each district. These recommendations should be used as a general guide in making a choice. It is, of course, recognized that there are local districts to which varieties not officially recommended may be well adapted. However, it is wise to follow the official advice unless there is a very good reason for not doing so.

Seven varieties of oats, eleven of barley and three of flax are to be found on the recommended lists.

In order to assist government institutions in making the necessary information readily available to farmers, all grain buyers of Line Elevator Companies associated with the Agricultural Department have been provided with printed copies of cereal variety recommendations.

In order to secure maximum returns, it is necessary to use pure seed of the right variety.

So long as supplies last, copies of recommendations may be obtained from:

Manitoba—Extension Service, Department of Agriculture, Winnipeg.

Saskatchewan—Extension Department, University of Saskatchewan, Saskatoon; Field Crops Commissioner, Department of Agriculture, Regina.

Alberta—Field Crops Branch, Department of Agriculture, Edmonton.

SAVE and LEND for VICTORY

Your Dollars will Come Marching Home

Your pennies, your quarters, your dollars are needed in this war as much as the men at the front.

THEY are pledging their lives... will you not pledge your dollars?

THEIR lives may depend upon the planes, the bombs, the guns, the ships YOU help to supply.

Will you refuse to back them up?

VICTORY will come sooner if you save and lend to the limit. Will you shirk YOUR part in shortening the war and hastening Victory?

YOUR dollars will come marching home when Victory is won, to bring security after the war.

Will YOU miss the thrill of having shared in the Victory, of having helped to build a sound Peace?
